The 3M National Student Fellowship was introduced in 2012 to honour undergraduate students in Canada who have demonstrated qualities of outstanding leadership and who embrace a vision where the quality of their educational experience can be enhanced in academia and beyond. Each candidate provided a definition of leadership in the context of his or her educational experience. We also asked applicants to explain why they aspired to leadership roles and to share a challenge in post-secondary education along with a proposed solution.

STLHE and 3M Canada will honour the Fellows formally at an awards ceremony on June 18. Additionally, the students will lead a plenary at the conference on June 20.

This year’s group of 3M National Student Fellows are continuing a legacy that we know will assist many future years of undergraduate students across Canada.
