

Category	5-Excellent	4-Very Good	3-Good	2-Fair	1-Missing
Background/Context	Background and context strongly represented the author's research. Topic is clearly related to teaching and learning.	Background and context adequately represented the author's research. More information about the link to teaching and learning would have been beneficial.	Somewhat able to see connection the background and context to the research/presentation. Poster briefly linked content to teaching and learning.	Minimal connection of background and context in poster presentation.	Unable to clearly connect background and context in poster presentation.
Research Methodology	Strong material. Well summarized. Clearly shows development of study or research. Poster content appears to accurately support purpose of study, hypothesis, or research question. Strong conclusion and implications presented	The poster content was adequately presented but support for the study, research hypothesis, or question(s) is somewhat general. Conclusion and implications were reasonable.	Poster content presented was easy to understand but did not sufficiently convey a connection to the study, hypothesis, research question(s), method, conclusion, and/or implications.	Content presented was difficult to understand and did not sufficiently convey a connection to the study, hypothesis, research question(s), method, conclusion, and/or implications.	Unable to find a connection between poster content and purpose of study, research hypothesis/question(s), method, conclusions, or implications.
Overall Poster Design and Use of Image and Text	Poster is visually appealing, has a professional appearance and organization. Easy to read. Utilized creativity in use of fonts, headings, colors, and white space.	Poster has attractive formatting and had good clarity in the use of space through font size, colors, headings, and white space.	Poster was easy to follow but needed some improvement with visual appeal through better utilization of fonts, colors, headings, and white space.	Poster was difficult to follow and needed improvement on visual appeal through better utilization of fonts, colors, headings, and white space.	Not visually effective
Poster Organization	Topic is clearly evident.	Topic is present and articulated.	Topic is described superficially. Information presented	Topic is not clear. Information	Unable to understand link between information presented

	Layout of poster is logical and provides sequential information from intro to conclusion and references.	The organization of the poster and information could use refining.	in the poster is somewhat confusing.	presented is haphazard and confusing.	in the poster and topic.
