Proposal for New EDC Community of Practice

Members of the Educational Developers Caucus often collaborate as part of a Community of Practice (CoP) to help enhance our EDC practices and community; and to advance the EDC Living Plan. A CoP is made up of a group of individuals who share a mutual interest for something and pursue it collectively over time (Wenger et al., 2002).¹ The agenda is developmental and the group is self-perpetuating (Wenger & Snyder, 2000).²

Should you be interested in proposing a new EDC CoP, please complete the below form, and submit your proposal to the EDC Secretary. **Please note that all members of the CoP must be EDC members in good standing.**

Purpose: What is the purpose of this CoP? Why is the creation of this CoP important to the EDC Community?

Link to the EDC Living Plan: How does the purpose for this Community of Practice relate to the themes outlined in the [EDC Living Plan](#)?

Primary Contact Person: Please include name, affiliation, and contact information (e.g. email address).

Associated Resources/Documents: Are there any additional documents or resources associated with this CoP that you would like to include in this proposal?
