

## Our Vision

The Society for Teaching and Learning in Higher Education strives to be the pre-eminent national voice, and a world leader, for enhancing teaching and learning in higher education. It also supports increased awareness, research, dissemination, and application of scholarly approaches to teaching and learning.

## Our Goals

- ✓ Support and advance teaching and learning in higher education
- ✓ Provide a forum for the exchange of ideas and networking opportunities
- ✓ Provide opportunities for professional development
- ✓ Facilitate and disseminate research on teaching and learning
- ✓ Recognize and reward contributions to teaching excellence, educational leadership, innovation, service and mentorship in higher education
- ✓ Collaborate with like-minded teacher and student groups and organizations in Canada and abroad
- ✓ Shape, influence and lead policy decisions that enhance teaching and learning in higher education at local, national and international levels
- ✓ Carry out the work of the Society in Canada's two official languages
- ✓ Actively engage student participation in all aspects of the Society's work

# Committed to teaching and learning in higher education

*Join Our Community*

## A Community of Communities

**STLHE** is a large community composed of those committed to excellence in teaching and learning in higher education. Within this broad community, members can also join a Constituency Group, Special Interest Group or a Teaching and Learning Network, such as:

### Council of 3M National Fellows for Teaching and Learning in Higher Education (3M Council)

3M Council is the community of 3M Fellowship award-winners. The 3M Council aspires to enhance teaching and learning in Canadian post-secondary institutions by participating as a public voice in debates and discussions about post-secondary teachers, their teaching, and learning in higher education.

### Educational Developers Caucus (EDC)

EDC is a community of practice to facilitate the advancement and evolution of educational development as a field of practice and scholarship by communications, networking, professional development opportunities and advocacy strategies.

### Scholarship of Teaching and Learning (SoTL)

The Scholarship of Teaching and Learning's core function is to improve student learning by way of providing an opportunity for scholars to form a community to share findings and challenges, and consider ways to catalyze initiatives at the institutional, regional, national and international levels.
