National Teaching Fellows

Society for Teaching and Learning in Higher Education  
La société pour l'avancement de la pédagogie dans l'enseignement supérieur

**IFNTF Virtual Symposium**  
**Shaping Teaching Excellence across Disciplines**  
**Thursday, June 10<sup>th</sup>, 2021**  
**3 PM – 7 PM (Eastern Time Zone – North America)**

**Held in Conjunction with**  
**2021 STLHE UNCONFERENCE**

The International Federation of National Teaching Fellows (IFNTF) is pleased to host a virtual symposium in June 2021 in conjunction with STLHE 2021 Unconference, the annual celebration of Canada's Society for Teaching and Learning in Higher Education (STLHE) which will be virtual this year (<https://www.stlhe.ca/events/2021-conference/>).

IFNTF (<https://www.ifntf.org>) is a non-for-profit organization that aims to bring award-winning teachers from across the world for the global advancement of excellence in learning and teaching in higher education. The federation was officially launched at the House of Lords in London, UK, in September 2016, and currently has members from Australia, Canada, Ireland, New Zealand, UK and the USA, and all members aim to work in collaboration on innovative projects and initiatives on teaching and learning pedagogies in higher education.

Following along the lines of the IFNTF First World Summit in 2017 in Birmingham, UK, where the theme was *Defining Teaching Excellence across Disciplines*, and the IFNTF Second World Summit in Halifax, Canada, in 2018, where the theme was *Nurturing Teaching Excellence across Disciplines*, this year's IFNTF symposium will focus on **Shaping Teaching Excellence across Disciplines**. The IFNTF symposium will feature presentations from keynote speakers from Australia, Canada, New Zealand, the UK and the USA, and participant-led breakout sessions – with a broad focus on creating a culture of teaching excellence, high-impact pedagogies, student engagement strategies and impactful teaching.

All registered participants of the STLHE 2021 Unconference are welcome to attend the IFNTF virtual symposium. There is no separate registration fee for the symposium.

For more information, please contact:

Professor Srinu Sampalli  
National 3M Teaching Fellow,  
Dalhousie University, Halifax, Canada
